Polo Poschiavo

Center of competence in continuing education and support of development projects
Best Practice for the Alpine Space
Competition Future in The Alps
CIPRA
2005
Polo Poschiavo is a public service body sponsored by the following official institutions:

- Cantonal Government of the Canton of Grisons
- Regional Association of the Poschiavo Valley
- Regional Association of Bregaglia Valley
- Municipality of Poschiavo
- Municipality of Brusio
- Valposchiavo Chamber of Commerce
- Valposchiavo Regional Economic Authority
The PP and its goals grew out of the Progetto Poschiavo endeavor.

It guarantees continuity from project to project particularly with respect to:

- New technologies for a “peripheral” region
- Sensibility to local reality and to minorities
- Education
- Modern technological network
- Eco-human projects
Polo Poschiavo:

- Research and development of novel instructional and operational technology
- Accompanies the realisation of development projects
- Center of competence for distant and blended learning
- Realisation of innovative courses in Valposchiavo, Bregaglia, Mesolcina, Val Müstair, Valmaggia
- Collaboration and networking with centers of knowledge
Since 2002 the Polo Poschiavo organized 127 courses for 1357 participants
