YOU TURN

YOU NG DIRECTIONS FOR ALPINE MUNICIPALITIES

Erasmus+

CIPRA LIVING IN THE ALPS
MAIN INFORMATION

Project youTurn gathers young people, youth workers, political and administrative representatives of municipalities in the Alps. The project was empowered young people to actively take part in political decision making on a local level and to engage in communal life.
Furthermore, youTurn aims at promoting cooperation and knowledge transfer on youth participation across the municipal, regional and national boundaries.

The projects objectives are to gather good practices in youth participation, to exchange experience and, inspired by this exchange, to jointly implement a concrete project in every municipality.

Thereby municipal youth policy will be strengthened and young people will be motivated to get active.
Main Information
